## **HOST FAMILY PROGRAM**

When Babe Ruth League, Inc. instituted the Host Family Program in 1961, they took youth sports to a higher dimension. The experience gained in Babe Ruth League tournament competition was elevated above hits, runs and errors.

Although the best won and loss record continues to be the coveted prize, the longest lasting memories are those emphasized by the Host Family experience.

Host Families adopt the players for the duration of the tournament providing meals, lodging, transportation, entertainment, cheerleading and tons of tender loving care.

Thousands of friendships have been developed from this social and cultural exchange that will continue to flourish for a lifetime.

The Host Family Program has been responsible for turning a Babe Ruth 16-18 World Series into a “Babe Ruth Happening” involving the entire community.

### **BABE RUTH LEAGUE NATIONAL UMPIRES ASSOCIATION**

The Babe Ruth League National Umpires Association was formed to assist local baseball and softball leagues in improving the quality of umpiring. The umpiring crews for each district, state, provincial, territorial and regional tournament as well as each Babe Ruth World Series are selected from the Association. The initial 200 member organization founded in 1982 has grown to over 7,338 during the last decade.

## PEOPLE ARE TALKING . . .

“Just as baseball is the sport of families, there is one baseball family. We ardently believe that the baseball family includes the fans, coaches, administrators and youth players of the Babe Ruth League and at all levels in the many communities where our game is played and enjoyed. Major League Baseball commends all of Babe Ruth Baseball’s participants.”

**ROB MANFRED**

Commissioner of Baseball

“Babe Ruth League is extremely grateful for the support Major League Baseball provides for all the young baseball and softball players of our country. I would also like to thank all the great volunteers in the Babe Ruth program. It is through their dedicated service to youth that Babe Ruth League is so successful.”

**STEVEN TELLEFSEN**

President/CEO  
Babe Ruth League, Inc.

“It’s our goal that each youngster who plays in the Cal Ripken Baseball Division will not only learn the basics of the game, but will also experience the same level of excitement I felt every day when I put on my uniform and got ready to play. There’s nothing else like it!”

**CAL RIPKEN, JR.**

### ***In Michael Jordan’s Words . . .***

“Even now, when people talk about my greatest thrill being the shot against Georgetown to win the NCAA title, I still think to myself that my greatest accomplishment really is the Most Valuable Player Award I got when my Babe Ruth League team won the state baseball championship.”

**THE JORDAN RULES**

**ABOUT BABE RUTH BASEBALL AND  
CAL RIPKEN BASEBALL,  
A Division of Babe Ruth League, Inc.**

**CAL RIPKEN DIVISION (4-12)**

In April of 1987, Cal Ripken, Sr., Cal Ripken, Jr. and Bill Ripken took the field together – not as father and sons, but as manager and players. This was the culmination of a lifelong journey that took the Ripken family from the youth leagues to the major leagues. From the very beginning, it was evident that Cal, Jr. and Bill would follow in their father's footsteps, always listening and learning while Cal, Sr. talked about the finer points of the game. Cal Ripken, Sr. was a father figure and mentor not only to his own sons, but to a multitude of players and coaches.

As a player, coach, and manager in the Baltimore Orioles organization for over 37 years, he will be forever recognized with developing and teaching the fundamentals of playing the game of baseball the right way – "The Ripken Way."

Cal Ripken, Sr. passed on his ideals and passion to his sons: "The Ripken Way". The approach combines developing and strengthening the fundamental skills of baseball and athletic conditioning with the equally important virtues of work ethic, practice and an understanding and love for the game. Cal Ripken, Jr. and Babe Ruth League have always shared a common vision: To provide every youngster the opportunity to play baseball and have fun. Teaching them to play the game "The Ripken Way" will assure accomplishment of this goal. In 2000, Babe Ruth League, Inc. and Cal Ripken, Jr. came together to introduce Cal Ripken Baseball, A Division of Babe Ruth League, Inc. for baseball players 4 through 12 years of age.

**ROOKIE LEAGUE**

Dr. Bobby Brown, former President of the American League, with the help of Babe Ruth Baseball, established "Rookie Leagues" throughout the nation in hope of getting more youngsters playing baseball.

Rookie League is designed for players seven through nine years old. A pitching machine is used to speed the games along using softer baseballs to help reduce the fear factor. There is a fourth outfielder and a fifth infielder and all twelve players on the roster are placed in the batting order. The games are six innings in length and are played on a standard youth field on sixty foot base lengths. The pitching machine is placed forty-six feet from home plate.

The program became part of the Cal Ripken Division in 1987 and has enjoyed steady growth with more than 9,385 teams now chartered.

The program gets high praise from coaches, players, parents and league officials. Accolades of "fantastic", "it's great fun", "my kids enjoy it", "players learn quicker", "very few players quit" are heard around the ball fields of the Rookie League.

For further Rookie League information, contact Babe Ruth International Headquarters.

**13-YEAR-OLD PREP LEAGUE**

In an effort to encourage more participation in the game of baseball, the International Board of Babe Ruth League, Inc. approved at the beginning of the 1976 season the use of the Babe Ruth Baseball 13-Year-Old Prep League.

Under the Prep League rules, the team rosters must be composed of all 13-year-old players and shall consist of no fewer than 12 players and no more than 15 players. In order for the Prep League to be accepted by Headquarters, the local parent program must be a chartered Babe Ruth Baseball 13-15 League.

Studies have shown that many young players lose interest in the game of baseball because of not getting a chance to play in games once selected for an organized team. In addition, it has been found that players have expressed fear in competing with 14-and 15-year-old players who have already experienced one to two years playing on the standard 90-foot diamond.

With the Babe Ruth Baseball Prep League, the 13-year-old player now has that chance to play with his peers, thus avoiding the possibility of his losing interest in playing baseball. Babe Ruth Baseball also features a 13-Year-Old World Series.

### **13-15 DIVISION**

Babe Ruth League, the group for 13-14-15 year old players, was founded in 1951.

Each local league chartered is an organization with authority to administer its own program within the framework of the Rules and Regulations and guidance of Babe Ruth League, Inc. officials.

Each state, province or territory in the 13-15 division is operated by an elected State Commissioner, and in most states, there are District Commissioners who assist the State Commissioner with his many duties. (Some states, with approval from Headquarters, also receive the assistance of Area Commissioners).

In turn, the states are grouped into eight regions with a Regional Commissioner to oversee the Regional operation. These Regional Commissioners also serve as members of the International Board of Directors of Babe Ruth League, Inc.

Teams from each league are eligible to enter tournament competition and move along the tournament trail to the championship tournament – the World Series.

### **16-YEAR-OLD PREP LEAGUE**

Babe Ruth Baseball in its efforts to continue to provide an ongoing learning process for its players, enters the twenty-first year of a Prep Program for sixteen-year-olds.

Under the league rules, the team rosters must be comprised of all 16-year-old players and shall consist of no fewer than 12 players and no more than 18 players. In order for the Prep League to be franchised, the local parent program must be a chartered 16-18 Babe Ruth League. The sixteen-year-old prep leagues' primary objectives are to keep the players involved in organized baseball and continue to learn and improve their baseball skills.

Without a sixteen-year-old Prep Program, most sixteen-year-olds receive very little game experience and eventually lose interest in baseball.

The 16-year-old division should open opportunities for leagues to add teams to their existing programs and more players to compete in tournament play.

### **16-18 DIVISION**

16-18 Babe Ruth Baseball was born in 1966 and has increased steadily since its inception. The 16-18 division is designed to provide organized regulation baseball competition for 16, 17, and 18-year-old players as a development plateau where they can continue to learn and practice those principles which will help carry them through to a satisfactory and productive adulthood.

The 16-18 division was organized because Babe Ruth League, Inc. was aware its job was far from completed by providing for 13, 14, and 15-year-old players. No organization was making available similar opportunities for young players once they had surpassed the 13-15 Babe Ruth Baseball age. The 16-18 division was designed to fill a void much the same as the Babe Ruth 13-15 division had filled a similar gap when it became a reality in 1951.

In the 16-18 division, which is played under regulation baseball rules, can be found the opportunity to practice the ideals of sportsmanship, fair play, high morality and democratic spirit which the participant has learned at the 13-15 Babe Ruth level. The main objective of the 16-18 division is to provide a community-level

program which eventually gives the players an opportunity to participate in the 16-18 World Series.

The 16-18 division has rapidly gained much attention and respect from college baseball coaches and major league scouts as an outstanding feeder program for future collegiate and professional baseball players.

### **BAMBINO BUDDY-BALL**

Babe Ruth League believes that every child should have the opportunity to participate in baseball or softball. The Bambino Buddy-Ball League helps to make that dream a reality for physically and/or mentally challenged ballplayers.

With the help of a special “buddy” to swing a bat, round the bases or catch the ball, ballplayers are able to experience the thrills of the game.

The Bambino Buddy-Ball League is designed to foster confidence and self-esteem, make memories and have fun. An emotionally rewarding experience for all, “buddies” achieve satisfaction from their involvement while athletes benefit from the opportunity to participate in organized sports, physical fitness, and social events and outings.

### **BABE RUTH LEAGUE, INC. ALUMNI ASSOCIATION**

The Babe Ruth League, Inc. Alumni Association was established in 2011 to bring together past and current members to promote Babe Ruth League, Inc. and its youth programs through an inclusive, self sustaining organization focused on fulfilling the goals of Babe Ruth League, Inc. consistent with their Mission Statement.

With the help of the Alumni Association, Babe Ruth League, Inc. can prepare today’s youth to meet the challenges of adolescence and adulthood, as well as educate and inspire, through positive role models, a player’s drive for personal excellence and achievement.

### **WORLD SERIES EDUCATIONAL SITES**

In 1986, Babe Ruth League, Inc. established its first World Series educational site.

Educational sites were created to assist prospective communities in the major undertaking that involves the hosting of a Babe Ruth Baseball World Series.

In selecting sites for the 10-Year-Old, Cal Ripken, 13-Year-Old, 14-Year-Old, 13-15, and 16-18 World Series along with the 12U and 16U Softball World Series – Babe Ruth’s Board of Directors and Executive Headquarters staff set requirements which interested communities must meet. After a community makes a formal request for a World Series and attends a World Series educational session, an inspection team from Babe Ruth League, Inc. visits the community, evaluates all areas connected with the Series and makes a recommendation to the International Board of Directors, which then awards the World Series.

The basic requirements which must be met by the host community include local enthusiasm, competent and well staffed committees, a Host Family Plan (housing of players in private homes), a lighted regulation field and a willingness to follow the World Series plan detailed in the Official Babe Ruth World Series Guide Book. In addition, the host community must meet certain financial arrangements.

**Cal Ripken, Jr.**  
**2007 National Baseball Hall of Fame Inductee**

Cal played the game the way it was meant to be played – every day. He played a record 2,632 consecutive games, earning the nickname Iron Man. For this reason, fans and major leaguers from around the country admire and respect him. Cal, Jr. is one of just eight players in a history to amass more than 400 home runs and 3,000 hits. Selected to baseball's All-Century team, this two-time Gold Glove winner and 8-time Silver Slugger Award Winner, was a terrific all-around player. Twice the American League's Most Valuable Player, he and his fellow Oriole teammates made their hometown of Baltimore proud when they clinched the title of 1983 World Series Champions.

To top off a career that others can only dream about, on January 9, 2007, Ripken received the highest honor of recognition – election into the National Baseball Hall of Fame.

This award was established in 1991 to recognize and to pay tribute to an outstanding volunteer in the Babe Ruth Program. This award is made in honor of the late Vernon “Lefty” Gomez, a twenty-five year member of the Babe Ruth League, Inc. Board of Directors.

This award was established in 1995, in conjunction with David Sunflower Seeds, to recognize and to pay tribute to an outstanding scorekeeper(s) in the Babe Ruth program.

The purpose of the award is to honor the scorekeepers on a yearly basis who go above and beyond the call of duty in their approach to keep the official score and maintain accurate records.

# BABE RUTH SOFTBALL

Babe Ruth League, Inc. is a non-profit, educational organization dedicated to serving all youth, both boys and girls. Since its inception in 1984, Babe Ruth Softball has shown tremendous growth. It has become a premier softball program throughout the United States and Canada.

Babe Ruth Softball is designed for the girls ages 4-18. Age Divisions that are offered are 6U, 8U,10U, 12U,14U,16U and 18U. Leagues are encouraged to organize optional 10U teams within the 12U division, and 14U teams within the 16U division, but are not required to do so.

The primary emphasis of Babe Ruth Softball is on the local league season: education, skill development, participation for players at all levels of athletic ability, and to ensure the participants have FUN.

Babe Ruth Softball's structural hierarchy evolves from the very heart of the program: the local league. Local leagues are organized into districts. Districts report to the State level. States are grouped into eight regions. Volunteer District, State, and Regional Softball Commissioners provide guidance and direction for the areas under their jurisdiction.

Leagues chartered with Babe Ruth Softball operate with simplicity, democracy, and much autonomy within the framework of Babe Ruth League, Inc. rules and regulations. Leagues are formed within defined and registered geographical boundaries. Dual-participation may be allowed at the local league's discretion. Babe Ruth League, Inc. places no undue restrictions on the local league, a fact that sets it far apart from all other programs.

A highlight of Babe Ruth Softball is its annual tournament trail. Tournament teams from each local league are eligible to participate in District competition with winners advancing to the State and Regional levels. In 1999, Babe Ruth Softball debuted its first 12U World Series and 16U World Series. Eight regional champions from across the United States and Canada compete in each World Series. For 2015, the World Series has been expanded to the 8u, 10U and 14U age levels. Teams will either earn a berth to the series in these age groups by being a Regional Champion or they will be winners of a National Qualifier that is hosted by the state they reside in.

The World Series format begins with pool play competition, followed by a double elimination bracket to determine the World Series Champion.

## JENSEN BEACH/STUART, FLORIDA

Jensen Beach/Stuart, Florida is proud to be the host of the 2016 Babe Ruth Softball World Series for all age divisions.

The pineapple is a recurring motif around Jensen Beach. The town's affinity for the spiny fruit can be traced back to 1879, when the first pineapple slips were planted by Capt. Thomas E. Richards at his Eden homestead. John Laurence Jensen immigrated from Denmark in 1881 and set up his pineapple plantation which eventually became the town of Jensen and Stuart. A mere 14 years later Jensen was shipping over 1 million boxes of pineapples each year during June and July season earning the town "Pineapple Capitol of the World" Hard freezes, fires and financial problems contributed to the industry's final collapse in 1920, but the legacy of this tropical fruit lives on in the signage, shop fronts and residences of Jensen Beach/Stuart. This unique history is celebrated annually during the Jensen Beach/Stuart Pineapple Festival.

## 2016 14-YEAR-OLD WORLD SERIES

### WESTFIELD, MASSACHUSETTS

Westfield Babe Ruth is proud to be the host for the 2016 14-Year-Old Babe Ruth World Series!

Westfield is a city located in the Pioneer Valley of Western Massachusetts. Westfield was first settled in 1660. The Pioneer Valley is within three of Massachusetts' counties that collectively feature much of New England's most fertile farmland.

Travelers are drawn to the Pioneer Valley by its unspoiled nature, numerous parks and recreational facilities, including New England's largest and most popular amusement park, Six Flags New England in Agawam and the Naismith Basketball Hall of Fame on Springfield's riverfront. The Pioneer Valley is a popular, year-round tourist destination.

Westfield is located a short 1.5 hour drive from Boston, 2.5 hours from New York City and only 2 hours and 40 minutes from the Baseball Hall of Fame in Cooperstown, NY. We hope you will take some time to enjoy the rich history in the Pioneer Valley and throughout New England while you are in Westfield.

Westfield is also known as "The" Baseball Town in Western Massachusetts. The Westfield area high schools have produced many Western Massachusetts baseball championship teams throughout the last 20 years.

The World Series games will be played at Billy Bullens Field. The stands surrounding the beautiful baseball field were constructed in the 1940's as a WPA (Works Progress Administration) project. Numerous additions have been made over the years to make Bullens Field the premier baseball facility in Western Massachusetts.

Westfield has a long tradition of business innovation that began in the 19th century with the manufacturing of bricks, whips, and cigars that became important economically. At one point in the 1800s, Westfield was a prominent center of the buggy whip industry, and continues to be known as the "Whip City."

Westfield is also the home of Westfield State University, a part of the Massachusetts public higher education system. Westfield State University is dedicated to preparing students with the knowledge, skills, and experiences they need to succeed.

The City of Westfield values its vibrant business community and recognizes the contribution that businesses, from small retailers to multi-million dollar corporations, make to the character and economic vitality of our city.

## 2016 13-15 WORLD SERIES

### WILLISTON, NORTH DAKOTA

The City of Williston is nestled in the Northwest Corner of North Dakota, Located 60 miles from the Canadian border and 18 miles from the Montana Border. Williston is commonly known as the "Western Star" and is rich in western heritage. Williston was one of the stopping points during the famed expedition of Lewis & Clark. Williston also is the home of the famous Fort Union Trading Post and the Confluence (where the Missouri and Yellowstone Rivers meet).

Williston has a population today of around 30,000 and that increases daily with the Oil Boom in the Bakken Formation, in which Williston is the center of the hub for this historical Oil Boom. The Williston Boys Baseball Committee, Williston Parks & Recreation District, and the residents of our fine community are very anxious for your arrival. We all are prepared to show you why Williston and North Dakota is truly one of the "hidden treasures" of the United States.

Western North Dakota is experiencing a huge population growth due to the Oil Boom and our main industries are Energy and Agriculture. Upon your visit to our fine state, you will see firsthand the oil boom and all the oil wells, our busy farms that produce a lot of the foods we all eat on a daily basis. In addition to Energy and Agriculture, Williston and Western North Dakota is an outdoorsman dream. We have a large amount of Wildlife. We boast about the finest deer hunting you will find in the region along with the best game bird hunting regions in the entire United States.

Lake Sakakawea, located 16 miles east of Williston is the largest man-made lake in the country and is regarded as one of the premier walleye fishing lakes in the world. We encourage all of our visitors to this year's World Series to take advantage of all of our "regional wonders". You will see why we are so proud to call North Dakota home!

Ardean Aafedt Stadium is regarded as one of the finest amateur baseball facilities in the United States. Built in the early 1950's, the stadium has hosted numerous district, state, regional and national tournaments in both Babe Ruth Baseball and American Legion Baseball. The Williston Boys Baseball Committee, Williston Parks & Recreation District and the City of Williston previously hosted the 1980, 2003 and 2013 Babe Ruth World Series at Aafedt Stadium. All three were a huge success for all our visitors and our community!

Upon entering Aafedt Stadium, you will find a baseball diamond perfectly manicured. The Boys Baseball Committee and Parks & Recreation have taken great pride in keeping the facility updated and ready to host teams from around the country. You will feel like you are in a professional ballpark when you visit Aafedt Stadium. Aafedt Stadium is the "Pride of Williston".

After you have the opportunity to experience our tournament, facilities, region and community, you will understand why Williston is called the "HOME OF NORTH DAKOTA BABE RUTH BASEBALL"!

Prior to your arrival in Williston, the Williston Boys Baseball and Williston Parks & Recreation will have put nearly \$750,000 in upgrades to the ballpark preparing for the 2013 & 2016 World Series. These improvements are made to help prepare for the tournament of

your lifetime, to make you feel welcomed to our community and to “roll out the red carpet” for our baseball friends from around the country!

Our goal is to make this the world Series you and your families will never forget. The best World Series experience possible is coming your way!

In the last six years the surrounding areas around Aafedt Stadium have seen huge projects get done. The support ball diamond is Grondahl Field. This is a premier ballfield, as well taken care of as Aafedt Stadium. Next to Grondahl Field is a new six-court tennis facility that was upgraded in 2009. Along with the tennis courts sits the LARGEST THEMED PLAYGROUND in the State of North Dakota. This opened in 2010. The next year, a new Splash Pad opened up. Along with sand volleyball courts, restrooms, picnic tables and shelters, this makes the Athletic Complexes one of the best you will ever see. Also next door is the Community Library as well as the Raymond Family Community Center, all within steps of Aafedt Stadium. Bring your entire family to enjoy these great recreational facilities. Thanks to the vision of our city fathers and our park district for the planning of this great complex.

A couple miles to the west of Aafedt Stadium, is the Williston Area Recreation Center! This \$75.2 million dollar, 236,000 square foot facility opened April 1, 2014. It is the largest park district owned recreation center in the United States. Be sure to visit the ARC and check out the hitting simulator (same one the LA Dodgers use), or the Flowrider (surfing simulator), along with everything else in this one of a kind recreation center!

Williston and the surround area is excited for this opportunity to host this years' 13-15 year olds Babe Ruth World Series, with the rugged beauty of the badlands only 40 miles to south and the rolling hills of the northern plains, you are sure to enjoy your stay in our fine community.

Welcome to Williston, North Dakota...Where the West Begins. And remember, you are only a stranger to our fine community once, and we look forward to your visit to this year's premier Babe Ruth World Series.

## 2016 16-18 WORLD SERIES

### EPHRATA, WASHINGTON

Columbia Basin Youth Baseball would like to welcome you to the city of Ephrata, home to the 2016 Babe Ruth 16-18 World Series. Ephrata (pronounced Ee-fray-tuh) is a short drive off Interstate 90, situated near the geographical center of the state of Washington, just a few hours from both Seattle and Spokane.

The site for the tournament is Johnson-O'Brien Stadium, located at Ephrata High School. It is considered by many to be one of the finest high school baseball facilities in the state of Washington, and has been the center of much of the baseball success in the Columbia Basin. Ephrata High School's baseball tradition runs deep, as shown by 71 league, district, regional and state championships won by the Ephrata Tigers since 1970. The JOB was also the site of the 2011 and 2014 Senior Babe Ruth World Series tournaments, and has hosted many Babe Ruth state and regional tournament in the last 16 years – the next two will be the Senior Babe Ruth World Series in both 2016 and 2017.

Ephrata is the gateway to the Columbia Basin. There are a tremendous amount of fun and exciting activities going on at all times in the Basin area, and Ephrata offers many of those activities right here, such as the Sage 'n Sun Festival in June, Basin Summer Sounds music festival in July, and Miracle on Main Street holiday celebration in December.

Located in Ephrata, a walk through the past can be found at the Grant County Historical Museum and Village. Situated on 3.75 acres, the museum has a complex of buildings, historic settings, colorful displays and objects that will fascinate even the youngest in your family. The museum provides you with the opportunity to actually enter the buildings and experience what the pioneer life of a bygone era was all about. Also, see the Village come to life at the annual Living Museum weekend during the first part of June.

Ephrata is also a short drive from many of the main attractions of the Columbia Basin, including:

\*The Gorge Amphitheatre is a 20,000-seat concert venue located above the Columbia River gorge in George, Washington. Administered by LiveNation, it is considered one of the premier and most scenic concert locations in North America and the world.

\*Grand Coulee Dam is truly magnificent to behold. Built from 1933 to 1975, it is 550 feet tall, from the 500 foot wide polished granite base, to the 30-foot wide crest which supports a paved two lane road, and nearly one mile long. During the summer months, Grand Coulee offers free Laser Light Shows that are projected on the dam, telling the story of how and why the Grand Coulee Dam came to be built!

On behalf of the 2016 World Series organizing committee in Ephrata, we invite you to join us in August for not only the best of senior-level baseball, but to see one of the most beautiful areas in the northwest. For more information, contact Grant County Tourism at (509) 754-2011 ext. 331, or find them online at [www.tourgrant-county.com](http://www.tourgrant-county.com). And welcome to Ephrata -- we're glad you're here.

# GEORGE HERMAN "BABE" RUTH . . . AMERICA'S BASEBALL LEGEND

Born: February 6, 1895 in Baltimore, MD  
 Died: August 16, 1948 in New York, NY  
 Height: 6'2" Weight: 215 lbs.  
 Threw and batted lefthanded  
 Married Clair Merritt Hodgson, April 17, 1929

When Babe Ruth left the game of baseball, the New York Yankees retired his number 3. He had become a legend and no one else could ever take the great Bambino's place.

Ruth grew up in St. Mary's Industrial School in Baltimore. Taught how to handle a needle and thread, he was supposed to be a tailor, but Brother Gilbert suspected otherwise.

In 1914, he was signed by the Minor League Baltimore Orioles and shortly moved on to the Boston Red Sox before settling in New York with the Yankees. In a few seasons, it became clear that Babe Ruth was the best lefthander in the American League. But his dazzling record as a pitcher was soon eclipsed by his spectacular slugging.

Ruth broke record after record, each time setting new ones only he could equal. During his 22 year career, the Sultan of Swat hit 714 home runs, plus an additional 15 in World Series competition.

Babe Ruth gave baseball dozens of new records; but more importantly, Babe gave the game the warmth and color of his own personality. The Bambino singlehandedly launched big-time baseball into a new era of glory.
