All waiver requests must be submitted in writing and must include the approval and signature of the local League President, the District Commissioner, the State Commissioner and the Regional Commissioner before it may be considered for approval by Babe Ruth League, Inc. Headquarters.

## **MISSION STATEMENT OF BABE RUTH LEAGUE, INC.**

The Babe Ruth Baseball/Softball program, using regulation competitive baseball and softball rules, teaches skills, mental and physical development, a respect for the rules of the game, and basic ideals of sportsmanship and fair play. In all aspects, Babe Ruth League, Inc. is committed to providing our participants the very best educational, sports experience possible. It is our fundamental belief that every child with a desire to play baseball or softball be afforded that opportunity.

# ORGANIZING YOUR LEAGUE

## I. GETTING KEY PEOPLE INTERESTED

The first step is to convince a few carefully selected key people on the value of your league being affiliated with a national amateur baseball and softball organization such as Babe Ruth League, Inc. These key people will serve as a temporary board until the Babe Ruth league is formed and a regular election of officers can be held.

## II. SECURING SPONSORS

The best way to secure sponsors is to explain to them why your community is striving to organize a Babe Ruth Baseball or Softball program for its youth. Some of the reasons are as follows:

1. To give the young people of your community the opportunity to practice the ideals of sportsmanship, fair play, high morality and democratic spirit.
2. To give the community a sound baseball or softball program to protect the young player's health and amateur eligibility.
3. To play regularly scheduled games under proper local league supervision.
4. To have your community compete for a district, state, regional, or international championship.
5. To help when requesting financial assistance from the people in your community by adding stature to your league.
6. To provide approved Accident Insurance, Liability Insurance and Directors/Officers Insurance programs for the protection of players and adults in the league.
7. To offer quality fund raising promotions for use by the local league, if desired.
8. To garner more publicity.
9. To give adult supervision to players (i.e., managers, coaches, and umpires), to carry out the aims and ideals of Babe Ruth League, Inc.
10. To offer an excellent supply catalogue from which the league can order awards, gifts, emblems, local league banners, player banners, etc.
11. To provide players who participate in the tournament trail the opportunity for a cultural and educational experience.
- 12.

## III. GARNERING PUBLICITY

After these key people have met and secured sponsorship for the league, a publicity campaign is needed to set up a definite organizational meeting. This meeting should be set sufficiently in advance to insure the attendance of the key people as well as those who have become interested through word of mouth, radio, newspapers, emails, etc.

**REMEMBER:** In starting a new program, word of mouth publicity by your key people is the best kind. These people should now begin to recruit managers, coaches, umpires, scorers, groundskeepers, announcers, people to form a booster club and just good hard workers to cover the many other jobs necessary to have a successful league.

## IV. PREPARING FOR THE MEETING

An informal meeting with your key people should be called before the organizational meeting to formalize the plans for your league and have the answers ready for questions that will come up at that meeting. Some of the ideas and questions for discussion will be:

1. How many teams will there be in the league?
2. What fields are available?
3. Do we need more sponsors?
4. What approved fund raising plan should we use? Visit [www.baberruthleague.org](http://www.baberruthleague.org) for fund raising suggestions.
5. How shall we secure umpires? Umpires should be Babe Ruth League NUA Certified
6. What temporary guidelines shall we use for a constitution until a permanent one can be established?
7. How shall we obtain qualified league officers?

8. On what days should the league's scheduled games be played?

These are just a few of many questions that will arise when organizing a league.

## V. HAVING THE FIRST MEETING

Be sure the majority of your key people are present. The temporary chairperson should then present the general purpose and objectives in organizing your Babe Ruth program.

The chairperson should have reports on the preliminary work for the league organization.

Don't try to work out every detail at a general meeting. Instead, appoint various committees to draft schedules, complete the constitution and bylaws, select umpires, secure fundraisers, procure fields, equipment, etc.

## VI. STARTING LEAGUE OPERATIONS

This handbook contains a guide/suggestions for Preparation of Constitution and By-Laws, Duties of League Officers, Player Selection System plus other information to aid the League President in the successful operation of the league.

## VII. FINANCING THE LEAGUE

In order to assist our leagues with obtaining the money necessary to purchase uniforms, insurance, equipment, provide tournament travel funds, etc., we have developed several fund raising aids that have proven successful to use in conjunction with the local sponsors.

They are as follows:

1. Flipgive
2. Player Banners
3. Sponsor Banners
4. Babe Ruth Baseball T-Shirts
5. Cal Ripken Baseball T-Shirts
6. Babe Ruth Softball T-Shirts
7. Christmas tree ornament

Further information regarding any of the above items and other approved fund raising programs are available by contacting Babe Ruth Headquarters at 800) 880-3142.

# GUIDE FOR PREPARATION OF CONSTITUTION AND BY-LAWS

## A -- INTRODUCTION

This guide is prepared to assist you in the preparation of your constitution and by-laws. We strongly recommend and request you consult with a local attorney and discuss with him your constitution and by-laws as well as the advisability of the incorporation of your organization.

We have prepared a guide and not a complete constitution and by-laws as the laws of each state vary to such an extent it will be necessary for you to adjust your local constitution and by-laws to conform to your local, state or provincial laws.

The constitution usually covers the fundamental rules while the by-laws usually explain how these fundamental rules are to be administered. As an example, the constitution would specify the offices to be filled while the bylaws would detail how the offices would be administered. Sometimes all articles are combined into the constitution.

3. See that field gates are open for all games and practices.

## **XV. PUBLICITY DIRECTOR**

Promote the Babe Ruth Baseball or Softball program in its best image to the public in order to encourage the community interest needed in carrying out its full goals, benefits and operations. Unless the public, which is supporting your local program, is kept fully informed its efficiency and contribution to the program is impeded and eventually leads to its non-support and lack of interest.

The person assigned as Publicity Director should collect news and prepare it for presentation by news and sports editors of the local newspapers and radio or television programs. One of the first stories which must make the news each year should be the names of all people who are behind the program and date, time and place of the first meeting. An early item of interest to the news would be the league schedule and game times, location of the field, facilities for parking and seating, and team sponsors.

Opening day in your Babe Ruth League can be built up in the news by promoting special opening day events, having a dignitary throw out the first ball, printing team rosters, etc.

After each game, release the box score and highlights of the game to all local newspapers and radio stations. It is your obligation to supply each newspaper with the league standings each week.

Listed are some important guidelines to follow in order to maintain a productive relationship between your league and the local newspapers.

1. Schedule an appointment with each local sports editor.
2. Explain to the editor what your league is doing and that you would like his cooperation.
3. Let him explain to you how he wants the information prepared, i.e., box scores, highlights, etc. and by what means they should be submitted (fax, email).
4. Print or type your box scores and stories. Sports writers will not try to decipher handwritten names and statistics.
5. Reliability is crucial, not only in the accuracy of your information but also your promptness and continuity of reporting.
6. Report the rain-out games and schedule changes.
7. Include all newspapers, radio and television stations.

**NOTE:** Study the news article outline and sample news release (*at the end of this section*) as a guide in composing news stories about your league.

## **XVI. SELECTION OF TEAM MANAGERS**

The manager must be a leader who is well respected in his community.

The manager and coaches are the adults designated by the league to interact with the young players. They hold key positions, directly affecting each participant and the degree to which he/she benefits by involvement in the league. Since the manager and coaches are the individuals having direct contact with the players, they become the most important persons in determining the success of your league.

Players are strongly influenced by their managers and coaches in establishing their own ideals and aspirations. It is important the managers and coaches be people who can be respect by their players, not only because they might lead them to the league championship, but because they do their job in providing the players with the inspiration to become better citizens via proper mental and physical development.

As the role of the managers and coaches is vital in determining the success of a league, we strongly recommend a "Managers and Coaches Selection Committee" be appointed. This committee should make a determined effort to recruit the best adults with the proper baseball and softball knowledge as well as the other important qualities mentioned above, including a history of supportive care and safe treatment of youth.

## **XVII. CLINIC COORDINATOR**

Proper instruction of all players within the league should – and must – be of paramount importance. The Clinic Coordinator should arrange with local high school, and/or college coaches or other knowledgeable baseball and softball sources to conduct an instructional clinic(s) for all managers and coaches within the league. How to organize a successful one hour and a half practice session that will keep all players active, interested and enthused, must be stressed in the clinic.

## **XVIII. WEBSITE/COMPUTER CONTACT**

Should be interested in computers and have at least elementary PC proficiency, but does not necessarily need to be skilled in website design or technical computer issues. Responsible for updating league's informational resources, online rosters and registration and act as the primary contact in conjunction with the official online provider.

## **XIX. TEAM ADMINISTRATOR OR TEAM PARENT**

Each team should be assigned a Team Administrator or Team Parent. Generally speaking, the Team Administrator or Team Parent duties and responsibilities are to do the administrative tasks for the team which will allow the coach to concentrate on coaching the players and team development.

- A. **Team Administrator or Team Parent Meeting** – Attend the Team Mom meeting and receive the information to pass on to the parents. Pick up the fundraiser (if any) for those players electing to participate in the fundraiser. Some local league organizations offer a buyout. In other words, parents can pay additional money and skip selling candy, pop corn or other fundraising activity. You may also receive the team's uniforms. Be sure to bring them to the practice and pass them out to the team *after* you have written down which jersey number will go to what teammate.
- B. **List of players**– Make a list of all players and include their name, parents' name and telephone number. It is a good idea to put a parent as a contact in your cell phone as well. In case of an unexplained absence, you'll quickly be able to call the parent. Always carry your cell phone with you. A player might miss a game or practice because they have the wrong time.
- C. **Team roster** – Be responsible for making a team roster and snack schedule. Begin by listing the scheduled game date, location and time. Next add the team player that will be responsible for bringing snacks that day (numerical jersey order is a good place to start). It's easier to combine the roster, game and snack schedule on the same form.
- D. **Email parents** – Obtain each parent's email address and **send out a "Hey I'm Team Mom" email** as soon as you can. You will want to always keep parents informed of what's going on. If the coach hasn't done so already, be sure to let them know when practices are expected, how early they need to show up before the game, etc. Always include a signature at the bottom of your emails and always put your cell phone number. This way, parents won't have to search for a previous email with your number.
- E. **Uniforms** – You may have to coordinate uniform pickup and distribution. They should be passed out to all players and their name and uniform number recorded.
- F. **Order the team banner/ Player Banner** – For baseball/softball, you typically know the team name already so order the banner right away and let the parents know what their share of the cost will be. Ideally you want to have the banner ordered and received before the first game. After you've ordered the banner, let each parent know what the cost per player is and collect for the banner. Most likely you will also be responsible for bringing the banner to each game.
- G. **Snack bar duty** – Sometime during the season your team will be assigned a snack bar duty day. It will be your responsibility to politely recruit the parents to volunteer to help in the snack bar. You'll have to let them know the date, time and the required amount of hours they need to be there. Most duty times require a certain amount of adults over the age of 18 during the set time.
- H. **Picture day** – You will need to coordinate picture day with the team. This includes receiving the picture packets to pass out to parents.
- I. **Plan team party** – There are tons of places you can have a team party. Some suggestions are:
- Coach's home or a team member's home.
  - Bowling alley
  - Park
  - Pizza parlor
  - Restaurant
  - Player Banners make great gifts. Visit [www.baberuthleague.org](http://www.baberuthleague.org) for more details.
- J. **Don't feel you have to go it alone.** You can absolutely delegate some duties to other parents who are willing to help.

## **CONDUCTING A MEETING**

The primary role of the leader of a meeting is to guide the discussion. In setting up a meeting make sure you:

1. Invite only those who should attend because of responsibility or interest in your meeting.
2. Become familiar with all members of your group and their personalities.
3. Encourage everyone to join in the discussion.

4. Check backstop and fencing for dangerous conditions, i.e., protruding wires, loose fabric, broken posts, holes in backstop fabric, etc.
5. Check protective nettings and screens, including, pitcher and infield units for broken or frayed conditions.
6. Check pitching machine for loose or broken connections, frayed wiring, controls or settings.
7. Check first aid supplies.
8. Check for list of emergency telephone numbers.
9. Have a continuous awareness of the whereabouts of all of the players, so the non-line up, as well as starting, players are accounted for.
10. Be concerned for players during unusual conditions: hot and sunny, storms (lightning and high winds), prolonged game delays, cold and rainy, and any other similar conditions.

## PLAYING SCHEDULE INSTRUCTIONS

In this simple but efficient method, each team plays every other team once with the final standing determined on a percentage basis.

The following formula will apply to any number of teams, whether the total is odd or even. With an odd number of teams there is the same number of rounds; with an even number of teams there is one less number of games than teams.

### FOR ODD NUMBER OF TEAMS

Assign to each team a number and then use only the figures in drawing the schedule. For example, in a league with 7 teams start with 1, placing figures in the following order:

Teams in League:						
7	6	5	4	3	2	1
Team vs. Team:						
6-1	5-7	4-6	3-5	2-4	1-3	7-2
5-2	4-1	3-7	2-6	1-5	7-4	6-3
4-3	3-2	2-1	1-7	7-6	6-5	5-4

Note that the figures go down on the right side and up on the left. No. 7 draws a bye in the first round and the others play as indicated. With an odd number of teams, all numbers revolve and the last number each time draws a bye.

### EVEN NUMBER OF TEAMS

With an even number of teams the plan is the same except the position of No. 1 remains stationary and the other numbers revolve about it until the original combination is reached. For example, with 8 teams:

Team vs. Team:							
	1-2	1-8	1-7	1-6	1-5	1-4	1-3
8-3	7-2	6-8	5-7	4-6	3-5	2-4	
7-4	6-3	5-2	4-8	3-7	2-6	8-5	
6-5	5-4	4-3	3-2	2-8	8-7	7-6	

Two things must be remembered:

- (1) With an even number of teams, Team #1 remains stationary and the other numbers revolve.
- (2) With an odd number of teams, all numbers revolve and the last number each time draws a bye.

## PLAYER AGENT

Whatever player selection plan is used must be under the direction of the "Player Agent". This person should be chosen with much care after thorough consideration of her ability to do the job, for her impartiality and her reputation for fairness. He/She must act without favor in dealing both with adult leaders and players.

It is the responsibility of the Player Agent, insofar as it is legal and possible, to maintain a balance of strength among the teams of the league. The Player Agent must constantly remind everyone connected with the program that the welfare of the players and the league as a community project are paramount. Protecting a single manager or team whose designs are only upon winning is not acceptable.

With the cooperation of other league officers, or assistants, it is the duty of the player agent to conduct registration of player candidates and to arrange for and supervise the tryout sessions. He/She shall supervise the distribution of players among teams, under whichever system the league uses, and shall maintain the "player pool". The player pool is a list of eligible player candidates who have not been selected for teams but who are available to replace players who may move, be injured or otherwise leave the program during the season.

## **SUGGESTED GUIDELINES FOR TRYOUTS**

1. Every player within the boundaries of the league shall have the opportunity to participate in the tryouts. Public notice of tryout times and locations should be listed in local news media, school system and local league website in order that all candidates will have knowledge of the tryouts.
2. Tryout sessions shall be conducted in the presence of league managers, at which time every candidate should have the opportunity to run, throw, catch the ball, and bat.
3. Each player should be given a number, written on heavy paper or similar material which can be pinned to his back during tryout sessions in order that observing managers may identify her.
4. As soon as is practical, preferably before the end of the tryout sessions. The player agent shall have a list prepared of all candidates, their birthdates, addresses, telephone numbers, email addresses, and tryout numbers. These shall be distributed to the managers and coaches to aid them in making selections.
5. Any player failing to attend at least one half of the scheduled tryout sessions shall lose his status as a player candidate unless he presents an acceptable excuse to the Player Agent.
6. Teams may trade players within the league. All exchanges of players shall be made with the approval of the Player Agent who must be notified by the managers involved in the transaction.
7. Any player who was a member of a team in the league the previous year and who is still of eligible age and residence may be released from the roster before the first scheduled tryout session. Managers must notify the Player Agent and the player concerned before such release shall become effective in order that the player may enter the tryouts and have the opportunity to be selected to another team.
8. Once players have been selected for the current season they may be released only for disciplinary reasons with the approval of the Player Agent and not for lack of playing ability.
9. Managers are expected to maintain a full roster of players as long as replacements are available from the player pool. Injured players expected to resume playing before conclusion of the current season or who have another year of eligibility remaining in the program, may be retained on the team roster.
10. Players whose families move into a residence within the league boundaries after the selection of players may be added to the player pool at the discretion of the Player Agent and in consideration of the number of available player candidates in the player pool.
11. Managers have the responsibility of notifying the player and parents concerned and the Player Agent when any player is released from the team roster for disciplinary reasons. Such releases must have the approval of the Player Agent.

# **PLAYER SELECTION SYSTEM PLAYER DRAFT**

## **PURPOSE OF THE PROGRAM**

It is the intent of Babe Ruth Baseball/Softball that all persons be given equal opportunity to participate in the program. Therefore, all leagues must advertise their registration and conduct an open tryout and draft of players. It is not the policy of this program that teams within a league recruit only who they perceive to be the more talented players in order to strengthen their local league and/or tournament teams.

The following is a suggested Player Draft Selection System that may assist in formation and balance of teams within a league.

### **Section I – “Tryouts” – “Clinics”**

The first step in the player draft will be the Spring tryout or clinic session. Candidates of the appropriate age for the Babe Ruth League divisions residing in the geographic boundaries covered by your Babe Ruth Baseball/Softball Charter shall be eligible to try out for a position on one of the teams. They must, however, file their applications within the time as specified by the Player Agent of the respective league. Notices for player candidates and tryout dates should be publicly announced through local papers, radio and schools. It is very important for all managers be present at all tryout and clinic periods. Each applicant should report to the Player Agent immediately upon arrival at the tryout site. The Player Agent should list each candidate in respect to age and number for future identification. During these tryouts and clinics, applicants should be given the opportunity to both bat and field in the position of their choice in competition with players in their own particular age group. Careful observation, instruction, checking and evaluating all candidates will prove invaluable to all managers at the player draft. Any candidates failing to attend at least one-half of the tryouts or clinics must present an excuse acceptable to all managers or lose their status as a candidate for the present season.

### **Section II -- “Player Agent’s List”**

- a. At least 30 days before the first scheduled game, the Player Agent shall prepare a list to be known as the “Player Agent’s List” of all eligible candidates. This list will include the candidate’s name, tryout number, and league age and shall indicate whether or not a birth certificate or eligibility document is already on file. (It should be noted each division should hold identical drafts in the case of multi-division leagues with each following the recommended system for eligible players. Each division’s draft should be independent of drafts of other divisions.)
- b. The Player Agent’s List, when prepared, shall constitute the available candidates for the current year, and may not be added to during the season, unless it becomes exhausted. Once exhausted, the Player Pool will be activated.
- c. Player Agent shall note on her list any optioned candidates (see Section IV) and shall announce such options prior to start of player draft.
- d. Any players selected by the managers shall be taken from the Player Agent’s list insofar as it is possible and consistent with Babe Ruth League, Inc. Rules.
- e. In those leagues with more than one division, after all candidates have been selected in regard to a particular age group, any candidate remaining should be placed on combined Player Agent’s List to become available to other divisions. This will allow adjustment where necessary.

### **Section III – “Player Draft”**

- a. Prior to Player Draft, Player Agent shall announce any options held by managers. See Section IV for procedure regarding such optioned candidates.
- b. Each manager shall be numbered in reverse order to the position which his team held in the final standing at the close of the preceding season; i.e., last place team shall be first, next to last position shall be second, and so on until first place team shall hold last draft number. It is recommended when first formulating teams managers draw for draft position.

- c. Each manager shall then proceed to select in order of his number from the Player Agent's List. He may choose any eligible candidate of any age group, within the limitations of Babe Ruth League, Inc. Rules governing composition of teams. After each manager has had an opportunity to draft one player, the selection shall be repeated in the same order until all teams are filled or until all candidates are selected.
- d. In case of ties in the final standing, the number for the first draft selection shall be decided by draw, and thereafter shall alternate in each round. Example: Assume Teams A and B should tie for third place; for the first draft round, they would draw for second and third choice (based on a five team league), with the winner selecting second, loser selecting third in that round. On alternating rounds the manager selecting second in the second round will select third in the third round, second in the fourth round, third in the fifth, etc.
- e. If any manager does not wish to make a selection during his turn, he may pass, but by doing so will forfeit that particular choice, and may not choose again until his next regular turn.
- f. Any player chosen in the Player Draft shall remain as property of that team during his remaining Babe Ruth career, unless subsequently traded or released.
- g. During the season, should a vacancy occur on one or more teams, such vacancy may be filled for the remainder of the season. In the event there are vacancies on more than one team, managers shall draw lots for order of choice from the pool. Players chosen are not permanent members of that team, and must be returned to the pool at the close of the season. Such players remain under option, however, for the next season to the team with which they played in that season.
- h. Selections as outlined in Paragraph g, Section III, may not be made at random, but will be made at intervals of approximately two weeks on dates and at places announced by the Player Agent, in order that all managers have an equal opportunity to fill their teams.

#### **Section IV -- "Optioned Players"**

- a. Prior to start of Player Draft, any manager holding an option on any candidate must notify the Player Agent, who in turn will notify the other managers.
- b. There are three kinds of optioned players: (1) Children of managers; (2) Siblings of players already selected; and (3) Players selected from the pool during the season who must be returned to the pool at the close of the season under Paragraph g, Section III.
- c. Children of managers are automatically optioned to their father's or mother's team as follows: If only one player is involved on a particular team, the manager shall surrender his second round draft choice in exchange for such player. If more than one player is involved on one team, the manager shall surrender his first and second round draft choices, and if necessary, as many successive choices as are necessary to option an equal number of the manager's children.
- d. Siblings of players already selected are optioned to their sibling's team by the following procedure: Whenever any manager not holding an option on a sibling shall select such sibling as his draft choice, the manager holding such option must, within that round, surrender his draft choice in exchange for such sibling, OR forfeit his option. In the event the manager holding the option has made another selection in the round during which he is called upon to exercise his option, he must surrender such choice and return the original selection to the pool. The draft will then be backed up to that point, and all subsequent choices, if any, revoked. The draft will then resume.
- e. Options on players selected from the pool during the season and returned to the pool at the close of the season under Paragraph g, Section III, will be known as "Pool Options" and will be handled as outlined in Paragraph d, Section IV.
- f. In the event a manager holds options on more than one player and is called upon to exercise an option on a player in a round in which he has already exercised his option on another player, such manager shall surrender his next succeeding draft choice in exchange for such player. This rule applies only to sibling options and pool options and does not apply to options on Manager's children which are outlined in Paragraph c, Section IV. (Thus, if a manager has an option in the second round when he has already taken his child, then he will take the other optioned player in the next succeeding round.)

- g. A manager may exercise options only to the extent such options will fill his team in accordance with the team composition requirements as to ages. Should a manager hold more options than he may exercise, he shall choose which options to exercise in advance of the draft and other possible options shall be removed from Optioned Player List announced before start of draft.
- h. There shall be no requirement that options be exercised. Any option may be denied, but such denial and/or designation of possible option player must be made at the start of the draft.

## **BIRTH DOCUMENT WAIVERS**

When a player enters Babe Ruth Baseball/Softball, an acceptable birth document must be presented to establish proof of age as outlined in Babe Ruth League, Inc. Rule 0.04.

However, this ruling is not designed to prevent any player in the proper age bracket from participating in Babe Ruth League Inc.

Where difficulty in complying with this birth document regulation exists, any league, state organization, parent or guardian may contact Babe Ruth League, Inc. regarding a Letter of Waiver. This application for a Letter of Waiver **must** be filed prior to the player's first regularly scheduled game and must be accompanied by as much documentation as possible establishing the player's date of birth.

The Letter of Waiver will certify the player's date of birth and eligibility to participate in Babe Ruth League, Inc. both during the regular season play and tournament competition.

The Letter of Waiver will serve in lieu of birth documents as required by Babe Ruth League Inc. rules and regulations.

There are many cases when birth documentation has been lost or destroyed, thus making it impossible for the player to give sufficient proof of actual date of birth.

When this situation arises, any and all information which can be collected should be forwarded to Babe Ruth League, Inc. with the application for Letter of Waiver. The application alone is not sufficient.

Statements from clergymen, doctors, hospital officials and parents are considered to be satisfactory documentation in establishing true date of birth. In filing application for Letter of Waiver remember:

1. File **before** the player's first regularly scheduled game.
2. The application must be accompanied by as much documentation as possible.

## **PROTEST PROCEDURE - CANCELLATION OF GAMES**

1. Notice that the game is being played under protest must be filed with the Umpire-in-Chief by the manager immediately at the time of the disputed decision and before the next pitched ball to the batter or next play.
2. Written report setting forth all the facts of the protest must be filed with the League President or Softball Director within forty-eight (48) hours of the date of the protest.
3. League President or Softball Director shall appoint three (3) members of the league not connected with any of the teams to serve on the Protest Committee.
4. Before a decision is made by the Protest Committee, League President, or Softball Director, a clarification and interpretation of rules may be secured in writing (letter, fax or email) from Babe Ruth League, Inc.
5. Final decision of protest shall be decided by the League President or Softball Director (as applicable) and his appointed committee.
6. The above procedures apply to local season games.

## **CANCELLATION OF GAMES**

A definite agreement prior to the start of the season should be made by the League President or Softball Director in regard to cancellation and rescheduling of league games.

## PUBLICITY GUIDELINES

“We can’t get any publicity in the paper.”

That’s a common cry heard in the PTA, the women’s club, many civic groups, the sports league...and, in most cases, the result of everybody talking and complaining but no one doing anything about it.

The following has been designed as a guide for Babe Ruth volunteers in their approach to the news media - newspapers, radio and TV stations. Any Babe Ruth organization can benefit from giving serious thought and consideration when approaching your “publicity problem”.

### LEAGUE PUBLICITY DIRECTOR

Just as important as your officers and other officials, the Publicity Director’s post should be given long consideration by the League President. This appointment **cannot** be made with little or no thought, since this person will be your league “spokesperson”, your representative to the news media. Certainly the Publicity Director should be a person who is friendly and easygoing. The ideal, of course, is a professional newsperson BUT this is not vital. The Publicity Director’s personality should build favorable relationships with members of the press corps.

Don’t make the common mistake during a league meeting of looking around the room and assigning a “face in the crowd” and then telling them to “go out and get us coverage in the paper”. **CAREFULLY SELECT YOUR SPOKESPERSON.** Have this person study the following suggestions and news article outline.

### PERSONAL CONTACT

It does not matter whether or not the Publicity Director has had prior personal contact with the sports writers and commentators. **But the approach is vital!**

There is no quicker way to have your articles wind up in the wastebasket than to open your initial appointment with the sports editor by telling him how important your league is and why s/he **MUST** print everything you give him/her. Instead, try the “soft sell”. It always brings greater results and is much more favorable.

Don’t “pop in” unannounced. Call and make an appointment with your sports editor at a time most convenient to him. Remember, s/he has deadlines which make some portions of his day definitely the wrong time to ask for a favor.

Sit down and chat with each of the sports persons whom you contact. Tell them what your league is doing and that you will appreciate any help they can give. Then **ASK HOW YOU CAN BEST HELP HIM** in supplying news of your league. The one thing you can provide is **SERVICE**.

Don’t, because a story does not appear the next day, go storming into the news office screaming about coverage. The sports editor has troubles too. Today sports news personnel are under much more pressure from the ever-increasing flow of sports news, every item clamoring for space. You must fight for your league’s share by providing **better service** and **helping** the sports editor to receive your news.

**DON’T**, ever go over the sports editor’s head to someone else on the paper to complain about publicity. Instead, talk **with** him and discuss any problems facing you. Most people are fair and willing to help if and when they can.

### SERVICE

Find out what types of stories your newspapers, radio and TV stations want. Every news outlet is different. Make sure you are aware of, and respect, the **deadlines**. There is no surer way to lose copy space than to fail to have the story on the editor’s desk until **after** the deadline. You can’t stop the presses.

Give **full** names and, with radio and TV people, the exact pronunciation. Remember, they have to say it. Make sure all names in your newspaper stories are spelled correctly. The newspaper will be blamed for misspellings and your stories will not be as acceptable the next time. Nicknames do not look good in print either. Take the time to determine and provide the whole name.

**Print or type** your box scores and stories. Sports writers do not have time to try to decipher names and numbers scribbled on a piece of paper.

**Deliver** all copy in person whenever possible but see it is delivered. Reliability can be a big factor to the sports editor not only in the accuracy of your information but also your promptness and continuity of reporting. If a game is rained out, report the rain-out and keep everyone up-to-date on schedule changes. An **advance** notice of meetings or other activities followed by an article on what took place will give your league **double** coverage. **Always** keep your news people informed both **before** and **after** an event.

**Don't neglect** any newspaper, radio or TV station. Give everyone equal opportunity at coverage even though they may not all give you equal space or time.

### **TIME**

"It takes a lot of time, you say" — You bet it does. This is the same in any project. Anything worth doing is worth doing well! There is no magic button to press that turns out columns of newspaper publicity or hours of radio or TV coverage. You will get back only what you put into it. The **right** person in the position will do the job and do it well!

# **TOURNAMENT INFORMATION**

## **SELECTING A TOURNAMENT TEAM**

Two suggested ways for selecting a tournament team are:

1. Have each league manager send 5 players to a tournament tryout, conducted by the manager and coaches of the tournament team. The manager of the tournament team, along with his coaches, will select the team he wants to take into tournament play from among these players.
2. Have each manager submit a list who, in his opinion, are the best 15 players in the league. Let each manager vote on every player submitted. If, after voting, there is still an excessive number of players, give the manager and coaches of the tournament team the opportunity of making the final cut after conducting several practices.

**REMEMBER!** The managers work all year with the players, therefore, give them the full responsibility for selecting the best players in your league for tournament competition.

## **SELECTING A TOURNAMENT TEAM MANAGER**

Suggested methods of selecting a tournament team manager:

1. The winning team manager of the previous year be given the opportunity first.
2. Board of Directors or Executive Committee selects the manager.
3. League managers vote on a tournament manager.
4. Whichever manager's team is in first place by a designated date be given first opportunity to become tournament manager.

The manager, once selected, should be allowed to choose his own coaches for the tournament team. A manager or coach, before accepting the position with the tournament team, must be sure he has the time to fulfill the obligations of the position.

## **CHECKLIST FOR AVOIDING TOURNAMENT PROBLEMS**

1. Secure dates and instructions as to where the games will be played.
2. Apply for league charter before deadline in order to be eligible for tournament play.
3. Acquire league accident insurance and league liability insurance as per Babe Ruth League, Inc. rules and regulations.
4. File team rosters with Headquarters and appropriate Babe Ruth officials before first scheduled league game.
5. File league schedule with Headquarters.
6. Keep official scorebook or scorebooks covering all league games.
7. Have proper team composition as per Babe Ruth League, Inc. rules and regulations.
8. Secure official Babe Ruth Baseball-Softball-Cal Ripken shoulder emblems for all tournament uniforms.
9. Ensure proper selection of registered players and coaches.
10. Maintain proper birth documents.
11. Confirm that players competing in tournament play are listed on tournament and league rosters.
12. Make sure that tournament players have played in at least one-half (1/2) of their team's regularly scheduled games played prior to the start of tournament play. (A waiver must be secured if a player was unable to fulfill this requirement due to injury or extended school schedule).
13. Certify tournament team roster. (League President).
14. Have Letter of League Eligibility issued by Babe Ruth League, Inc. and signed by State Commissioner.
15. All documents must accompany the team as they advance in tournament play.
